ORDER OF BUSINESS.

Mondays and Thursdays are devoted to motions of all kinds, both in Law and Equity. If these should not occupy the day, Common Law arguments, on demurrers, special cases, &c., and Equity cases, on argument of pleas, demurrers and exceptions and caveats, may be taken.

On the other days, motions of course and those at Law, where the progress of a cause may be delayed, may be taken—then Common Law, Equity and Ecclesiastical causes, in their order in the respective papers of causes, those which are called on and not fully heard on *Wednesday*, to be taken on the *Thursday*, notwithstanding the above rule.

During the Sittings after term, all such motions as can be heard out of term, are taken on Monday and Thursday, but not on other days if the Court is sitting for the trial of causes. If the Court is sitting for hearing other causes, all Motions may be taken at the sitting of the Court, and before causes are called on.—After these are gone through, the Common Law Board is called on, while any causes remain on it, then the Equity Board, and then the Ecclesiastical.

In vacation a Judge sits in Chambers, every Tuesday and Friday, at eleven o'clock, but Counsel do not appear on contested motions until twelve.

Arrangements under which the business of the Police Office is conducted.

1st. The Town Sergeants, Constables, Thannadars, Burkundars and Chowkedars, are under the special orders of the Superintendent of Police, who acts under the general control of the Chief Magistrate.

2d. Two Magistrates have special authority in Divisions of the Town, as undermentioned:

F. W. Birch, Esq. Cossipore.

1st or North Division.

C. K. Robison, Esq. Magistrate; Residence, Kyd Street.

2d or South Division.

In consequence of the late changes made by the Government in the Magistracy of the Town of Calcutta, the town has been divided into two Magisterial Divisions, and that the following line of roads, from the Circular Road to the Strand, has been laid down as the demarcation of the extent of the jurisdiction of the two Calcutta Magistrates:

Boituckannah, Row Bazar, Loll Bazar Roads to Tank Square North, down Clive Street, in a Northerly direction till Fairlie Place, down Old Fort Ghaut Street to the banks of the Hooghley.

The Senior Magistrate F. W. Birch, Esq. has special authority in the portion of the Town, lying North of the above line of roads, and C. K. Robison, Esq. in the Southern portion, including those thoroughfares themselves.

Parties complaining of felonies, assaults, misdemeanors, &c. will prefer their charges before the Magistrate in whose jurisdiction they reside.

The Chief Magistrate will as heretofore take cognizance of all offences occurring on the River and reserve to himself the option of adjudicating cases of importance wherever they may occur within the limits of the Town.

Where Felonies and other serious offences have been committed and the offenders not apprehended, information should be lodged with Lieut. Hicks, the Superintendent of the Police,—or at the nearest Thanna.

Police Office hours are from 11 o'clock A. M. to 5 P. M. or till business is finished.

The Lock-up Houses and Jails are specially under the orders of the Chief Magistrate, and the Fire Engines under the Superintendence and general control of the Chief Magistrate; but the Magistrates generally will, of course, lend their hearty aid in cases of serious fire, and in visiting the Jails, for the purpose of bringing forward improvements or new regulations.

The regulation of religious and other processions will be administered by Lieut. Hicks, under the direction of the Chief Magistrate.

All Correspondence on general points affecting the Police, or the Police Buildings, or the Establishments, will pass through the office of the Chief Magistrate.

Constables of Divisions are not to be addressed on ordinary Police matters, but in cases of tumult or affray they are promptly to interfere.

All Complaints against Police Officers are to be preferred before the Superintendent, in the first instance. Those requiring to be judicially dealt with are only cognizable by the Chief Magistrate.

The Assessment and Conservancy Departments are under the Chief Magistrate. References in the latter Department are to be made to the Superintendent of Roads and Conservancy, and in the former to the Chief Magistrate direct.

THE QUARTER SESSIONS OF THE PEACE.

No. 2, MISSION ROW.

This Committee composed of the Chief and the other Magistrates, meets in the Police House ordinarily on the 10th and 20th of each month for the disposal of the Municipal business of the Town and also hears Appeals against the Assessment.

LOAN RULES.

1. Loans, repayable within twelve months by monthly instalments are granted at per cent to officers civil or military, on the security of two approved sureties.
2. Loans requiring two years for repayment, are granted at per cent. for the first year, and per cent. the second to the same classes and under the same condition, with three sureties; loans requiring three years with four sureties, at per cent. for the first per cent. for the second and per cent. for the third year.
3. In the last two cases, where it may not be convenient to give more than two sureties, the loan must be further protected by a life insurance; but on application to that effect through the sureties, they consenting to the same, the directors will be prepared to allow the discontinuance of the policy on a loan of the two year class, after the expiration of the first year and on a loan of the three year class after two years have expired. But where the borrower is on foreign or field service, the loan must always be covered by a life insurance.
4. To avoid the inconvenience and delay attendant upon the execution by principal and sureties of the various loan papers the Secretary is authorised, in cases where moderate amounts for short periods are desired for immediate purposes to advance the same at per cent per annum on promissory notes at 3 months date with one approved endorsement. The Secretary will furnish all other particulars necessary.
5. When a debtor dies the balance (after discharging his own debt in full) of any policy of assurance upon his life, will, at the discretion of the directors, be detained as security for the repayment of the balance of any account for which he may be responsible as a surety.
6. Under particular circumstances, and with the written consent of sureties to the proposed suspension, an officer may apply to the directors for the temporary discontinuance of his instalments.
7. Where parties may find difficulty in effecting their remittances to Agra, drafts on Calcutta or elsewhere will be received in repayment of loans at the exchange of the day.
8. The mortgage of real property in the hill stations and larger military cantonments will be taken in place of life assurance provided that the property be officially registered in the station books as belonging to the Bank, and that the amount advanced thereon be regulated by previous official report as to its true value.

* Open to all classes—No. 2, clause is Applicable to Shareholders.

9. Furlough loans of which applicants may avail themselves in the whole amount before leaving India or in part as required, will, in *special cases*, be granted at per cent. during 3 years absence from India, and subsequently at the rates above regulated, on the guarantee of three approved sureties (for whose protection, as in other cases, the life of the borrower will be kept adequately insured), the periodical instalments being deferred until the expiry of the equal furlough, or, if earlier, the return of the party to duty.

10. In case of absence in Europe on medical certificate, the period of repayment of loans will be extended in like manner, the interest reduced, and the instalments suspended, on the party giving adequate insurance upon his life, or other sufficient security.

11. In all cases of insurance, unless the debtor himself desires that the policy should be maintained at its original amount, it is reduced half-yearly according to the gradual liquidation of the debt.

12. Regimental loans are granted at per cent. to corps to facilitate the establishment and maintenance of messes, bands, libraries, and for other regimental purposes. The Secretary will be glad to frame rates for shares.

13. Loans are granted at per cent. on the security of government paper, on the stock of the Calcutta, Madras, Bombay and Mussoorie Banks and on the shares of other approved joint stock concerns, where the parties borrowing give to the Bank a power to sell the notes or shares forming such security, if, on three months' notice of intention to close the account, the Loan shall not then be repaid in full.

14. Parties desirous of taking advances in Bombay, Madras or Calcutta may arrange for the same at Agra: the interest chargeable thereon will be at the rates, if lower, prevailing in those places respectively.

15. Interest on loans is charged from the date on which the amount is placed as a floating balance at the disposal of the borrower, according to notice given, and is allowed, at the same rate, upon all remittances from the date of their realization.

16. When loans are not liquidated within the period agreed upon a penal interest of two per cent. per annum additional is chargeable upon the balance overdue.

17. It is a condition of every loan that the party borrowing shall be subject to the general rules of the Bank, in respect of such transactions.

18. In all applications for loans it is to be considered an indispensable preliminary that the party requiring the same shall agree to pay to the Bank a commission of one per cent. on the principal amount, should he not within a reasonable time, to be determined by the directors with reference to the circumstances of each case, avail himself of the accommodation if granted.

19. When in closing any transaction, the interest chargeable by the Bank thereon if less than one per cent., on the total sum advanced, commission at that rate in lieu of interest, is chargeable.

20. Constituents of the service, when writing to the Bank, are requested to add their rank or official designation to obviate the delay of reference; and with the same view applicants for loans are also requested, in naming their sureties, to furnish a similar detail regarding them, reporting also their residence at the time, in order that the loan papers may be forwarded to them direct, if they have previously consented to stand as such.

21. All Loan accounts with the Bank are brought up periodically to the 30th of June and 31st of December, and interest thereon is credited or debited to those dates half yearly.

22. When parties already indebted to the Bank require further accommodation, the balance due on the former account should as a general rule be deducted from the new loan: two accounts with different sureties and different terms of payment cannot be kept open at the same time.

23. The directors give a preference to applications for loans repayable within a short date.

24. The Bank does not render accounts unless where copies are called for.

25. No letters bearing postage will be received by the Bank, except from pay masters, deputy pay masters, or other public authorities, or from places where no postage can be levied. At the close of each half year, and in closing each loan account, a charge of 1 Rupee is made.

12th August, 1844.

Meetings of the Committee are held once a Month, or oftener if necessary, at St. James's Church. Applications for relief are registered by the Secretary, and sent for inquiry, and report, to the members, according to the Sub-Division in which the applicant may reside. The cases, with the report of the members by whom they have been investigated, are submitted to the Committee, at the next ensuing meeting, and disposed of according to their merits, the applicant being in attendance. Those who are admitted to the funds either permanently, or for a temporary period, receive Tickets from the Treasurer to such effect. Those who are only admitted to temporary relief, on the expiration of the allotted period, are required to attend again before the Committee, and frequently their cases are re-investigated and disposed of according to a further report from the Visiting Member. Cases of peculiar hardship, but which, on account of the individuals being able-bodied, the Committee are precluded from relieving, are recommended to the Central Committee, with such temporary relief as may be deemed necessary by the Visiting Member, or the Committee, according to the exigency of the case. Applicants for relief who may be labouring under extreme old age, chronic disease, or utter inability from other causes, to labour, are lodged, fed, clothed, and prescribed for in the Society's Alma House, in Amherst Street, where there is also a separate Asylum for Lepers.

C. F. School Regulations R. 114 page. 27.

"The benefits of the institution are sometimes extended to such children as have friends who wish to place them in the School, and, to avoid burdening the institution, a sum to pay a sufficient sum to cover their expenses. It is understood that the Guardians of these children retain their natural right of removal and other control over them so as not to interfere with the general discipline of the School; but in all other respects there is no distinction between them and the rest of the children. By a sum sufficient to cover the expenses, is to be understood a sum not less than ten rupees a month, or a donation which may be considered equivalent, with reference to the age of the child, and its claim on the charity. The Governors however have a discretionary power as to the demand of a monthly sum to be paid for such children, which is in no case to exceed ten rupees."

All applications for having children admitted and apprenticed, are to be made to the Governors, through the Secretary.
